PROFESSIONAL SUMMARY

QA Tester / Software Testing Enthusiast with hands-on experience in testing web-based applications and validating software functionality. Knowledge of **Manual Testing, Functional Testing, Regression Testing, Smoke Testing, Black Box Testing, White Box Testing, SDLC, and STLC**. Experienced in **test case creation, test scenario execution, defect identification, bug validation, and database-driven application testing** through development and testing of a Flask-based Library Management System. Familiar with **Selenium, Playwright, Pytest, SQL, and GitHub** with strong analytical, problem-solving, and teamwork skills.

EDUCATION

Bachelor of Science in Information Technology (BSc IT)

Padmashri Babasaheb Vengurlekar Mahavidyalaya

2025 – 2026 | CGPI: 8.63

TECHNICAL SKILLS

Software Testing

- Manual Testing
- Functional Testing
- Regression Testing
- Smoke Testing
- User Acceptance Testing (Basic)
- Black Box Testing
- White Box Testing
- Test Case Design
- Test Scenario Creation
- Defect Identification & Bug Reporting
- Bug Validation & Retesting
- SDLC & STLC

Testing Tools

- Pytest
- Selenium (Basic)
- Playwright (Basic)
- JIRA / Bug Tracking Tools (Basic Understanding)

Programming & Database

- Python
- SQL
- Flask

Version Control

- GitHub
-

PROJECTS

Library Management System | Python, Flask, MySQL

GitHub: github.com/Chinmay0004R/library-management-system

- Developed and tested a **Flask-based Library Management System** with secure role-based authentication and login validation.
 - Created and executed **test cases and testing scenarios** to verify application functionality and business requirements.
 - Performed **Manual Testing, Functional Testing, Regression Testing, and Smoke Testing** for core workflows.
 - Conducted **Black Box Testing** for login, book borrowing, return process, CSV import/export, and admin modules.
 - Applied **White Box Testing** to validate business logic, authentication flow, and database operations.
 - Identified, documented, and validated defects through structured **bug reporting and retesting** processes.
 - Tested and validated workflows including **inventory handling, attendance tracking, overdue management, and penalty calculations**.
 - Used **Pytest and Flask test client** concepts for unit and integration testing support.
 - Maintained testing documentation and ensured software reliability through edge-case and workflow validation.
 - Managed project version control and collaboration using **GitHub**.
-

Positions of Responsibility

National Service Scheme (NSS) Volunteer & Leader

National Service Scheme (NSS) | 2024 – Present

- Participated in the NSS Leadership Camp held at Kelavali and Thosarwadi (2024–2025).
- Developed leadership, teamwork, and community engagement skills through various social service activities.
- Appointed as **NSS Leader** for the college NSS camp (2025–2026).
- Coordinated volunteers and assisted in planning and executing community service initiatives.

IT Event Coordinator – Student Head

Department of Information Technology | 2025–2026

- Served as Student Head and Event Coordinator for departmental IT events.
- Led and supervised multiple teams to ensure successful event execution.
- Coordinated event planning, task allocation, and team management activities.
- Monitored event operations and facilitated smooth communication among team members.
